Part X - FIN 48 Footnote

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the chapter in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination. The chapter's federal returns are subject to examination by federal taxing authorities, generally for three years after they are filed and the chapter's state returns are subject to examination by the state taxing authorities, generally for four years after they are filed.
